

GIRL'S PRE SEASON DAY 14TH FEBRUARY 2012

The Pre-Season Day took place on 14th February at Ombersley Golf Club, and we are again grateful to the Club for offering their hospitality and supporting this event.

34 girls took part in the day, with ages from 8 to 17 years and varying in ability from single figure players to beginners with no handicaps. They played in teams mixing their ability.

Fortunately the snow had melted sufficiently for the 9 hole Texas Scramble to take place, but the putting competition was held indoors, and chipping and long game skills tests took place on the driving range. The girls also had a Rules Quiz devised by our County President Maryann Hayes and a fun quiz to test their knowledge of pop stars!

The standard of play was high with some excellent scores in the Texas Scramble, showing the progress the girls are making in their coaching programme, but even the beginners hit some great shots, showing the good potential of those just starting the game. The girls always enjoy this event, marking the start of the golfing season but also giving a chance to meet and make new friends.

The County is most grateful to the Lady Captain of Ombersley and the 9 lady members who helped in the smooth running of the day by accompanying the girls on the course.

The results were:

Texas Scramble:

1st: Ciara Kelly, Isabelle Green, Isobel Turner, Lucy Ellaway Bell
